**Today’s Lesson Title:**

**“Grace!”**

**“F**or the law was given by Moses, but grace and truth came by Jesus Christ.” John 1:17 (KJV)

1. “Father, your grace is my sufficiency. It is operating in my life right now, and I accept it. Thank You, Father.”
2. In theology, grace is defined as unmerited divine assistance from God to help us regenerate our spiritual lives.
3. In the “Revealing Word”, grace is defined as good – will; favor; the disposition to show compassion, from God to help us in the process of regeneration.
4. Just as we have learned to have faith in the expression of God as Principle, so can we have faith in the expression of God as Grace in our lives.
